Kelley read a paper which so interested the governor, who was present, that he invited the Captain to come to Newport and read his paper before the Post. Capt. Kelley was accompanied by his son, Lieut. Ernest L. Kelley of the Vermont National Guard, who also spoke at the camp fire.

## Tour of the World.

The Tour of the World conducted by the Ladies' Social Union this week Friday evening, bids fair to be of unusual interest and worthy of your patronage. While the committee have not confided in the local editor to any great extent, it seems that the public will have a chance to purchase tickets at the Union Depot located in the church parlors, which will provide them with transportation to various countries as well as to the National capital, where objects of interest peculiar to the several localities represented may be viewed, various entertainments enjoyed and refreshments partaken of, all to end with a reception at the Capitol by George and Martha Washington. It certainly is an unique form of entertainment and the committee are sparing no pains to give you your money's worth. Better make the journey.

## Debate at Y. M. I. C.

The Young Men's Improvement club held the first of its series of Debates at the Club rooms in Root's Block on Friday evening, Dec. 3. The question debated was, "Resolved, That Individual Property Owning Should Be Limited to \$500,000." The leading disputants were C. F. Ranney and L. B. Wellman for the affirmative and A. H. Grout and F. R. Sherman for the negative, the whole company taking part in a general discussion. About 50 club men and the invited friends were present and the evening was a veritable "talkfest." The question was decided by the vote of the house and went to the affirmative on strength of argument, but to the negative on merits of the question, nearly all seeming to be rather jealous of their right to accumulate as much more than the stipulated amount as they were able. More entertainments and debates are planned for the winter season and it is a good time to join the club, which by the way is as much in need of new members as ever. The club, through these meetings is trying to live up to its name and any young man, who will join and take hold of the opportunities offered is in the way of getting improvement. If you wish to read or write in spare moments from business, the club furnishes a place. If you wish to entertain a friend you can do so at the club rooms. If you wish simply to "loaf" and rest, the Club rooms offer the best possible chance. Think it over!

This (Wednesday) evening, Miss Edith Wells of Boston, will speak at New School hall in connection with the W. C. T. U. on the subject of Scientific Temperance Instruction in the schools. Miss Wells is a graduate of the Emerson School of oratory and besides her ability as a speaker is intensely interested in the work in hand. If you attend you will hear something worth your while.

Local merchants are making preparations for the Christmas trade, though but few have as yet made any great display. Their offerings will no doubt appear this week, so that early shoppers may make their purchases. There is no town where the would be purchaser of Christmas gifts will be more apt to find anything desired and we think the prices will be within reach of all. Therefore patronize the home merchant.

## The Stomach Cannot Rest.

It is a mistake to suppose the stomach can rest and thus recuperate and by this means dyspepsia is cured. The digestive process begins in the mouth and does not end until the food has reached the intestine. The salivary glands in the mouth, the stomach, lower stomach, liver, spleen, etc., take part in the digestive process. This process is going on continuously. "Think of resting the heart or the lungs for a few minutes, or any other organ. Pain, pancreatitis, etc., do not rest the stomach, they digest the residue of food a weak digestive system cannot digest and thus relieve the body of irritating acids or gas. Rydall's Stomach Tablets contain just enough Pepsin and Pancreatin to do this. They also contain many vegetable tonics and stimulants for the digestive tract. Rydall's Stomach Tablets are dry, pleasant, the only way it can be cured. Ask us about them. F. D. Pierce, Boston; F. J. Kinney, O. Leas.

## TRUTH ABOUT CATARRH

Sensible Methods Will Cure It. Fred D. Pierce Guarantees Hyomei to Cure Catarrh.

Catarrh can never be cured by taking medicines into the stomach nor by sprays, atomizers or douches. Intelligent physicians have long ago discarded such ideas and not one of them would be worth consideration were it not for the fact that unscrupulous persons prey upon the ignorance of the people in regard to new discoveries. Catarrh is caused by germs and just as long as these germs thrive in the folds, crevices, nooks and corners of the mucous membrane that line the nose, throat and chest, just so long will you have catarrh. There is only one way to cure catarrh, and that is to kill the germs. There is only one remedy that will kill the germs when it gets where the germs are, and that is Hyomei. Hyomei is made chiefly from Australian Eucalyptol combined with other germ killing antiseptics. Just breathe it in through the hard rubber inhaler that comes with each outfit and relief is immediate. Used regularly for a few weeks Hyomei (pronounced High-o-mei) will cure chronic catarrh. Complete outfit, \$1.00 at Fred D. Pierce's and leading druggists everywhere.

Sold and Guaranteed in Orleans, Vt. by F. J. Kinney.

**HYOMEI**  
(PRONOUNCED HIGH-O-MEI)

Cures catarrh or money back. Just breathe it in. Complete outfit, including inhaler \$1. Extra bottles 50c. Druggists.

## At the Churches.

## CONGREGATIONAL

A large and appreciative audience was present at the Sunday service. The pastor's subject was, "A Notable Home Coming," text, Luke IV:14. It was a sermon of power and interest. In the evening the pastor spoke on President Roosevelt in Africa.

Wednesday evening in the school house hall, Miss Wells will give a lecture under the auspices of the W. C. T. U. on Scientific Temperance. Admission free.

Thursday evening, at 7:30 o'clock our regular mid-week prayer meeting will be held.

## METHODIST

At the Methodist church Sunday morning the pastor's theme was, "In Remembrance of Me." What words! In the rush, and fret and worry they challenge us to think of Him and in so thinking to be exalted ourselves. In the daily round amid a thousand cares to pause, to remember Him, his patient, loyal loving gift of himself. So doing, our hearts shall get strong, our courage for conquest shall be renewed. Our flagging faith shall be awakened to life.

The Sunday evening sermon was another of a series of talks on the questions of the day, "Does God Make Man, or Does Man Make God." A very interesting discussion to a large audience.

## Oldest Mason Makes First Gift to Temple.

The first contribution toward the proposed replica of King Solomon's temple, which it is planned to be constructed by the Masonic bodies throughout the country, was from James B. McGregor of Newport, N. H., the oldest living Free Mason in the United States if not in the world. Mr. McGregor, who is 103 years old, received his first degree in Masonry on January 8, 1827. George B. Whitaker, 9 Wesleyan building, the treasurer of the Jerusalem temple Association, the custodian of the fund for the construction of the Temple Replica, regards the fact that the first gift comes from the oldest Mason as an omen of success for the project.

## You Are Right In Wanting White Flour

Whiteness is a pretty safe index of purity in a flour. Unusual care and cleanliness is reflected in the unrivalled whiteness of Stott Flour.

Every kernel of wheat is first washed, so that all the dirt, even that which clings to the creases, is removed. It is then cleansed still more by scouring.

We bolt the flour time after time, through cloths of fine imported silk, until the dark outer, indigestible portion, has all been removed.

The white of Stott Flour is the whiteness of purity.

It makes the most delicious and healthful of everything.
